

Link studio quality designed for your shoulder...

... the new Link-NEC 100 automatic ENG/EFP camera

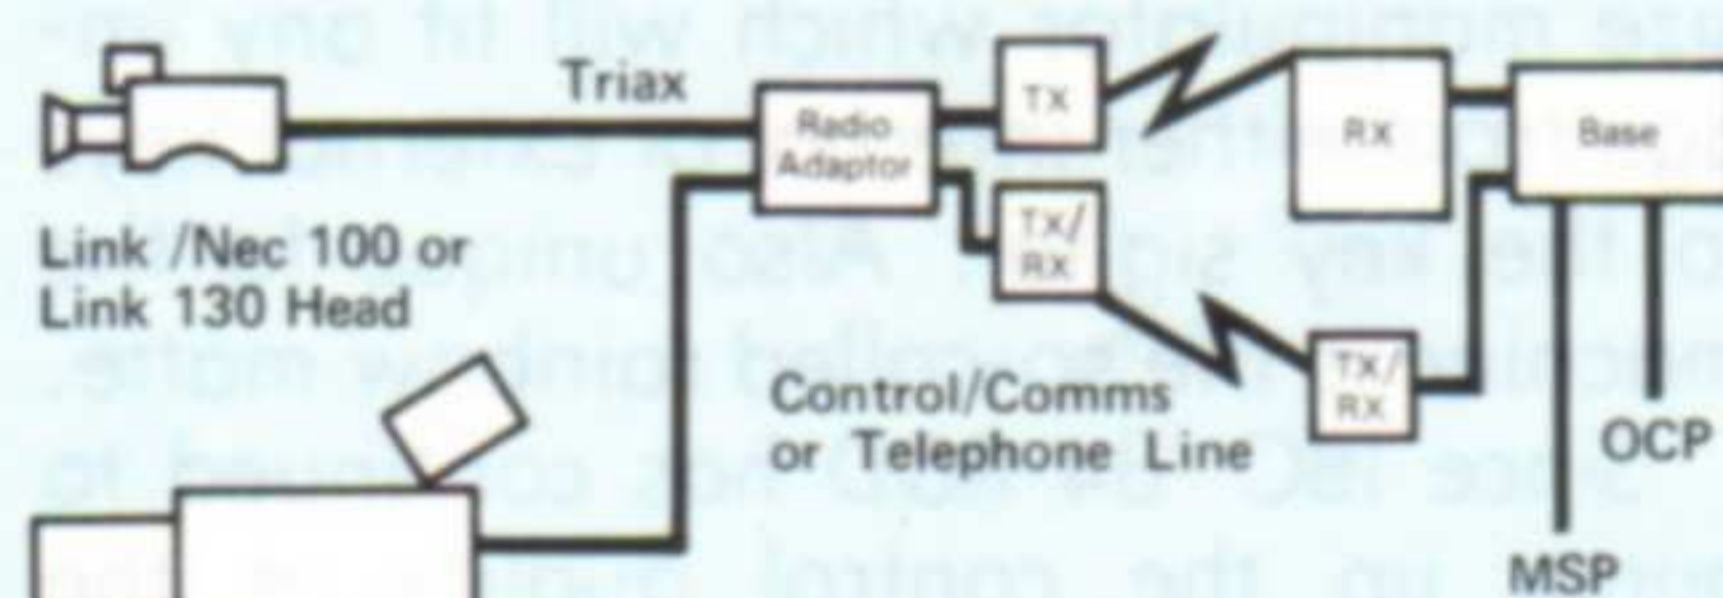

- Superb flexibility — ENG/EFP or studio hand-held
- Optional true automatics including auto registration
- Triax option allowing interface to Link 130 control system
- Excellent quality pictures with switchable black stretch/knee and slope circuits
- Uses same 18mm tubes as Link 130 for complete lightweight/studio compatibility
- Operates with a wide range of recorder formats
